About: To secure a position where I can efficiently contribute my skills and abilities to the growth of the organization and build my professional career.

Examination	University /Board	Institute	Year	Percentage
B. Tech	IIIT SURAT	IIIT SURAT	2018-22	87.30%
12th	CBSE	BBL School Bareilly	2017-18	89.80%
10th	CBSE	BBL School Bareilly	2015-16	95%

WORK EXPERIENCE & INTERNSHIPS

- **Software Developer Intern** | *Brane Enterprises Pvt Ltd, Hyderabad* (January 2022 - July 2022)
 - Developed responsive and user-friendly web applications using React.
 - Integrated RESTful APIs to fetch and display dynamic data, enhancing application interactivity.
 - Worked closely with UX/UI designers to translate design mockups into functional components.

PROJECTS

- **GenAI Chatbot with Retrieval-Augmented Generation (RAG)**
 - Developed an intelligent chatbot using Generative AI that answers user queries by retrieving relevant information from a custom knowledge base.
 - Implemented contextual conversation, document search, and real-time responses using Large Language Models and vector embeddings.
- **Autonomous Customer Support AI Agent**
 - Built an AI-powered customer support agent capable of understanding user queries, searching knowledge sources, and automatically generating appropriate responses.
 - Designed a multi-step workflow system that handles ticket creation, issue classification, and escalation using AI agent orchestration.
- **Customer Churn Prediction using Machine Learning (XGBoost)**
 - Developed a predictive machine learning model to identify customers likely to discontinue services based on historical behavioral data.
 - Applied feature engineering, model optimization, and performance evaluation techniques to improve customer retention decision-making.

CODING PROFILES

- 3 star coder at Codechef [Link]
- Solved 300+ questions on Leetcode [Link]
- Solved 50+ questions on Hackerearth [Link]

TECHNICAL SKILLS

- **Programming Languages:** C, C++, Python, JavaScript
- **Frameworks:** React, Flask, Node.js
- **Tools:** Git, GitHub, MongoDB, Jupyter Notebook, VS Code
- **Skills:** Machine Learning, Generative AI, HTML, CSS

COURSES

- **PWskills : Data Science With Generative AI**
- **Pwskills : Generative AI for All** [Link]
- **Udemy : The Web Development Bootcamp 2021** [Link]
